01 / THE FIRM

Local understanding. A long-term perspective.

We connect investment capital with the projects and businesses shaping Namibia's future.

Ariya Bridge Capital (Pty) Ltd manages unlisted investments through the Ariya Bridge Trust Fund. Our mandate is exclusively Namibian: financing the development, construction and expansion of projects and established businesses in the sectors that underpin the economy.

Our principals bring experience in fund management, project development, acquisitions and investment financing across Sub-Saharan Africa. We combine that experience with local relationships and a disciplined approach to selecting opportunities.

THE FUND

Ariya Bridge Trust Fund

The Fund provides private equity, quasi-equity and mezzanine financing for development, construction and expansion. It is registered with the Master of the High Court of Namibia.

CORPORATE INFORMATION

Ariya Bridge Capital (Pty) Ltd

Company registration 2015/0038

Wholly owned by Bridgehead Group Holdings (Proprietary) Limited.

Ariya Bridge Capital (Pty) Ltd is licensed by NAMFISA as an unlisted investment manager in terms of the Pension Funds Act.

02 / OUR FOCUS

The foundations of a growing economy.

A focused mandate across essential sectors, with an emphasis on commercial viability and lasting economic relevance.

01 Infrastructure

Financing the development and expansion of essential infrastructure, supporting the physical foundations of Namibia's economy.

02 Clean & renewable energy

Investing in commercially viable clean and renewable energy projects, from development through construction and expansion.

03 IT & telecommunications

Supporting the businesses and infrastructure that strengthen digital connectivity and enable wider participation in the economy.

An exclusively Namibian investment mandate.

03 / OUR APPROACH

Capital. Expertise. Active involvement.

Our investment model brings financing and development experience together, with private equity, quasi-equity and mezzanine instruments structured around each opportunity.

PRIVATE EQUITY / QUASI-EQUITY / MEZZANINE FINANCE

01 Develop projects to bankability

We identify commercially viable projects that need capital or development expertise to progress. We combine equity or quasi-equity financing with our team's experience and network to help bring these projects to a bankable stage.

On behalf of the Fund, we arrange debt and equity finance and negotiate financing and project-completion success fees.

02 Support established businesses

We invest in established businesses seeking to expand, implement a new strategy or navigate a sale or divestment within our target sectors.

The investment structure responds to the business, its stage of development and its long-term capital requirements.

03 Build enduring value

Our model allows for partial exits through fees and equity sales, alongside retained equity interests in project companies that can provide long-term income streams for pension fund investors.

Across the investment lifecycle, we seek broad-based participation and positive outcomes for communities and the environment.

04 / OUR IMPACT

Progress that reaches further.

Financial discipline and positive social and environmental outcomes belong in the same investment conversation.

We seek investments with meaningful social and economic impact, with a particular focus on women, young people and socially disadvantaged communities. The Fund's relationship with the National Youth Council supports its focus on youth representation and participation.

Our strength is measured in our professionals, our presence, our partners and our projects.
